**Mission Statement and Report Overview:** The Office of Research and Sponsored Programs' (ORSP) mission is to encourage, facilitate, and support MSU faculty and staff in their pursuit of external funding for their research, education, training, and other scholarly activities. ORSP provides high-quality services to the MSU community with the goal of increasing externally sponsored funding for research and other programs, while protecting the University's interests in assuring compliance with federal and state laws, rules, and regulations.

This report highlights sponsored program activities for the period 07/01/15 to 06/30/16 (FY 16), providing comparative data as well as historical trends. This report also provides detailed information on the types of sponsored program activities occurring at MSU and data on student, post-doctoral, and trainee involvement in those activities. Also included are written narratives highlighting some of the many projects impacting local communities, as well as ORSP outreach and professional development activities in FY 2016.

**The Year in Brief:** MSU received a record high of \$11.5M in new and continuing awards in FY 16 (n=60) representing an impressive 37.4% increase in award volume from FY 15. An increase in private sponsorship from organizations such as the Spencer Foundation and the John Templeton Foundation account for much of this increase. The overall number of proposals submitted, and proposed budget amounts requested, declined slightly in FY 16. This is largely due to typical short-term fluctuations, and fewer applications to federal sponsors as the funding environment continues to tighten and less opportunities become available. There is every reason to expect continued proposal and award growth in the coming years with MSU's designation as a Carnegie Research 3 institution of higher education, eligibility as a Hispanic Serving Institution, status as Non-Land Grant College of Agriculture, and steady influx of talented tenure track faculty.

**ORSP Initiatives, Workshops, and Trainings in FY 16:** In October of FY 16, ORSP and the Institutional Review Board (IRB) went "live" with CAYUSE 424 and CAYUSE IRB as part of the OneMontclair initiative. Both implementations have proven successful, and there has been positive feedback from end users of both systems, with particularly positive comments regarding CAYUSE IRB. These user-friendly systems have created increased efficiencies in proposal development and routing, and the IRB application and approval process has been significantly transformed. We will continue to look to EVisions, Inc., for improvements in the year ahead as we transition to a completely "electronic" infrastructure for proposal development and award management.

ORSP continues to inform and update the research and sponsored programs community through its varied outreach and education activities, most recently through its very own Twitter page! For the second time in two years, the National Council of University Research Administrators chose MSU to host a regional workshop on Research Compliance. Over fifty research administrators from the tri-state region gave overwhelmingly positive feedback on the event. A full listing of ORSP's outreach, workshop, and training activities for FY 16 is listed in Section VIII of this report.

In April 2016, ORSP co-hosted MSU's fourth Grant Recognition Event in collaboration with University Advancement. It was, without question, the most highly attended grant recognition event to date, and a true reflection of the University's continued dedication and commitment to research, scholarship, and service. On behalf of ORSP, I congratulate MSU faculty and staff for your continued excellence, and look forward to the exciting year ahead.

Sincerely,  
Frederic "Ted" Russo, Director, Office of Research and Sponsored Programs

**Community Impact:** To follow, are just some of the *many* sponsored activities and programs that are directly impacting our communities, state, and region. In FY 16, over \$3.6M in funding was awarded to MSU in support of projects impacting the tri-state region. For more information on MSU's sponsored activities, please visit [ORSP's awards archive](#).

- A \$36,042 project funded by the **NJ Department of Environmental Protection**, entitled "*Assessment of Clinging Jellyfish *Gonionemus Vertens* Populations in the Shrewsbury River Estuary and Manasquan River Estuary.*" In partnership with the NJ DEP, MSU researchers will determine the distribution and prevalence of the invading jellyfish and will sample area waters to collect jellyfish and conduct genetic analyses of specimens.

Principal Investigators: **Paul Bologna and Jack Gaynor** (Biology, CSAM)

- A \$283,875 grant from the **US Department of Health and Human Services, Substance Abuse and Mental Health Services Administration (SAMHSA)** in support of the University's "*Communities Organizing for Prevention and Empowerment*" program/ (Project C.O.P.E.). Project C.O.P.E. program will utilize new media platforms to raise awareness and educate target at-risk populations in the City of Paterson, NJ, on the many facets of substance abuse and HIV/AIDS.

Project Directors: **Robert Reid and Pauline Garcia-Reid** (Family and Child Studies, CEHS)

- A \$60,000 subaward from Boston University for the **US Department of Health and Human Services** entitled "*The influence of disaster recovery partnerships on mental health in New York City communities affected by Hurricane Sandy.*" The project will investigate how characteristics of partnerships among community-based organizations in New York City in the aftermath of Hurricane Sandy were associated with residents' mental health, including posttraumatic stress and depression symptoms, and perceived mental health needs.

Principal Investigator: **Sarah Lowe** (Psychology, CHSS)

- \$12,828 from the **NJ Council of the Arts** in support of the George Segal Gallery's mission to propagate culture and art through exhibitions, educational and scholarly programs, focusing on contemporary art.

Project Director: **Teresa Rodriguez** (Art Galleries, CART)

- A \$250,000 award from the **US Department of Education** in support of Montclair State University's "*Upward Bound*" program. Upward Bound delivers educational opportunities for currently enrolled high school students, who come from low level income families and/or who are potential first-generation college attendees. UB provides fundamental support for participants to succeed in their current level of education as well as preparing them in their pursuit of higher education.

Project Director: **Donna Lorenzo** (Health Careers, CSAM)

- A \$56,224 award from the **NJ Department of Human Services** for the first year of the "*New Jersey Hearing Aid Project,*" which is an effort to provide low income individuals access to needed hearing aid devices and related audiological services that otherwise are not available due to cost.

Project Directors: **Janet Koehnke and Maris Appelbaum** (Communication Sciences and Disorders, CHSS)

- \$7,200 from the **Morris Park Alliance** for the first year of "*GIS and mapping service for the Morris County Park Commission project 'Connect to Walk.'*" The project will provide data collection, organization, mapping, and reporting tasks for the Morris Park Alliance's plan to map locations of walking and biking facilities within Morris County, identify gaps to connect to county parks, and make recommendations to communities to close those gaps.

Principal Investigator: **Danlin Yu** (Earth and Environmental Studies, CSAM)

- \$932,238 in funding from the **NJ Department of Children and Families**. This funding is in support of the *Robert D. McCormick Center for Child Advocacy and Policy* and supports several of the Center's programs to include the NJ Child Welfare Training Partnership, the Post-BA Certificate in Adolescent Advocacy, and the Summer Housing Internship Program (SHIP).

Project Director: **Jason Dickinson** (Director of Robert D. McCormick Center for Child Advocacy and Policy, CHSS)

- \$200,000 from the **NJ Department of Human Services** for a project entitled "*Grow NJ Kids.*" From November 2015 through June 2016, the Center for Autism and Early Childhood Mental Health at Montclair State University partnered with Prevent Child Abuse New Jersey and four regional technical assistance centers to provide support to "Grow NJ Kids" and engaged centers in the areas of socio-emotional development and the promotion of inclusion.

Project Director: **Gerry Costa** (Center for Autism and Early Childhood Mental Health, CEHS)

- A \$20,000 grant from the **New Jersey Council for the Humanities** for "*Rising Tide: What We can Learn From the Dutch and their Relationship with Water.*" The program consists of a series of lectures, film screenings, and discussions that explore the Dutch and their uneasy relationship with water as well as what New Jersey can learn from the Dutch experience in the wake of Hurricane Sandy. In addition, the program will address related themes such as the Dutch Republic, a former maritime power, and its legacy in New Jersey and New York, and the history of human understanding regarding the sea and natural disasters from a local and global perspective.

Project Directors: **Steven Shapiro** (Library Services) and **Sandra Passchier** (Earth and Environmental Studies, CSAM)

- A \$26,096 subaward from **ValleyArts** for the ArtPlace America-funded "*Unearthing the Future: the Art of Reverse Archaeology - Interstate 280 in Orange, NJ.*" The project will uncover lost knowledge about the City of Orange, and the City of Orange and ValleyArts will link that knowledge to a new counter-narrative for Orange through a series of arts interventions.

Principal Investigators: **Christopher Matthews and Katherine McCaffrey** (Anthropology, CHSS)

- \$199,998 from the **NJ Department of Education** for a 3 year program entitled "*Being United in Leadership Development (BUILD).*" Montclair State University, in partnership with the Elizabeth Public Schools (EPS), Benedictine Academy, Philip's Academy, and St. Mary of the Assumption High School (together, EPS, Benedictine Academy, Philip's Academy and St. Mary's are the "School Partners") will develop and implement the Being United in Leadership Development (BUILD) program, through which experienced teachers will participate in a research-based professional development program to improve district-wide mentoring and induction policies and practices.

Project Director: **Jennifer Robinson** (Center of Pedagogy, CEHS)
