## **Report Overview:**

This report highlights sponsored program activities for the period 07/1/17 to 6/30/18 (FY 18), providing comparative data as well as historical trends. It also provides detailed information on the types of sponsored program activities occurring at Montclair State University (MSU) and data on student, post-doctoral, and trainee involvement in those activities. Also included are written narratives highlighting some of the many projects affecting local communities, as well as, Office of Research and Sponsored Programs (ORSP) outreach and professional development activities in FY 2018.

## **The Year in Brief:**

FY 2018 proved to be an exciting year for research at MSU. Building upon MSU's status and recognition as a public research university, FY 18 was another record year in externally sponsored funding, bringing MSU 84 awards for a total of \$17.85M—the 4<sup>th</sup> year of consistent and sustained growth. In FY 18, MSU Faculty and staff submitted 155 proposals totaling \$66.82M—a 30% increase from FY 17 – and expense activities related to research and other sponsored activities increased by 22.23%, to \$16.5M. Additionally, significant achievements/milestones were achieved in FY 18 by MSU faculty. As just a few examples, Dr. Carlos Molina (Department of Biology) received a Support of Competitive Research (SCORE) grant in support of his cancer treatment research that will total \$1.3M over 3 years. In October 2017, Rodica Martin and Marc Favata (Physics & Astronomy) were recognized as part of the historical international LIGO scientific collaboration team in the detection of gravitational waves and light produced by the collision of two neutron stars. Dr. Favata received a prestigious Simons Fellowship in furtherance of his research.

Also, in FY 18, ORSP and MSU welcomed Dr. M. Scott Herness as Vice Provost for Research and Dean of the Graduate School. In this position, Dr. Herness is responsible for leading the continued advancement of research and graduate studies at MSU.

## **ORSP Staff, Workshops, and Trainings in FY 18:**

Kathryn Dorsett joined ORSP in early 2018 as our Sponsored Programs Administrator. Kate is responsible for non-financial post-award, and has assumed the administration of the MSU internal awards program from Catherine Bruno. Amanda Lopez joined ORSP in early FY 18 as our Graduate Program Assistant, managing the day-to-day administrative functions of the office while also enrolled in MSU's Master's program in counseling. In late FY18, Valerie Trupp joined ORSP as our Senior Pre-Award Officer, with a wealth of pre-award experience gained most recently at Rutgers University. During this staffing transition, ORSP was able to offer limited training and outreach activities, as noted in Section VIII of this report, and we plan to offer additional activities in FY 19 and beyond.

On behalf of ORSP, we congratulate MSU faculty and staff for their continued excellence and celebrate their invaluable contributions in making our designation as a public research university a reality. Exciting times lay ahead!

Sincerely,

**Frederic "Ted" Russo, Director, Office of Research and Sponsored Programs**  
**Dr. Scott Herness, Vice Provost for Research; Dean, The Graduate School**
